Final Note by the Second Member of Council. (9

Subject.— Proposal to appoint Mr.R.S.Mounsey, as a Probationer, Government Printing, on a pay of Rs 100/- per mensem.

There are at present two probationers in the Government Press and they are being trained for being absorbed in the senior staff of the Department. With the taking over of the Mysore Railways and the increase of departmental and publicity activity, the work in the Press is increasing. Block-making, colour printing and similar special work are all given to private presses at enormous cost and the formation of a section for this kind of work as also for lithographic printing is immediately called for. Large savings can be effected by doing this work in the Government Press. In view of this, it will be useful to have another probationer.

In this connection, the application dated 31st January 1939 of one Mr. R. S. Mounsey came up for consideration. Mr. Mounsey has had four years training in England in all departments of printing and has had practical experience in the Madras Publishing House, Ltd. He is the son of Lieut. Col. Mounsey who has settled down near Kengeri, Bangalore District. He struck me as having the qualities necessary for a good printer. As the staff of the Government Press at present is not up to the required standard to cope with the increase in work, and requires strengthening, I proposed that Mr. Mounsey may, in view of his qualifications, be appointed as a Probationer on Rs 100/- per month to start with, with a view to his eventual absorption in a permanent place when Mr. B. Venkatasubba Rao retires, should his work be found satisfactory.

The above proposal was considered at the meeting of the Council held on the 5th April 1939 when it was resolved that"Mr. R.S. Mounsey may be appointed as a Probationer, -

Government Printing on Rs 100/- per mensem ". The resolution of the Council may be graciously approved.

31st January 1939.

The Hon'ble Mr.V.Anantharaman,
Second Member in Council,
The State of Mysore,
Public Offices,
Bangalore City.

Dear Sir,

If I may sir, without causing you much inconvenience and annoyance, place my case before you regarding my request for a post in the Mysore Government Service, I am sure, with the kind hearted interest you have shown and your generosity in allowing me the interviews, that you will still better understand my sincerity and earnestness and merits that are factors to my application and then, if you are convinced that I shall be an asset to the Government there is no doubt, with the interest you have to keep Mysore the leading State, some position will be found for me.

I am a Printer and shall all my life stay in this profession unless I am forced by circumstances to seek other posts but, as a Printer, I feel confident of my ability because so many years of my youth have been spent towards attaining the highest standard of knowledge and appreciation of this art and industry.

The Government of Mysore does not need artistic and classical printing, but what it really needs is enthusiastic men who can offer ways and means of keeping the printing requirements of the State, especially of the Government, in the hands of the Government whereby expense is saved and more

P T O

(17

employment to Mysoreans offered.

My offer to the Government is not only qualifications to prove my merits in the trade of Printing but also my sincere and earnest word to do my honest best and to obey the orders of the Government.

My parents, as you know, have settled for more than twelve years in Kengeri and have devoted their time, energy and savings in trying to make fruit-growing a success. They could have settled in Bangalore and lived a comfortable retired life. But that is not the spirit of my father and mother who have ever pioneered to build and construct ways and means to better living. My father has put in 50 years of hard service, and to-day, at the age of 76 he still sticks to India and Mysore as his home.

From a child they have brought me up to obey the laws of this State and to appreciate its greatness. I spent two years on the land (our Kingfield Orchard) with the hope of continuing my father's good work. Farming failed. My parents sent me out to learn a trade. I sought Madras as the nearest City to Mysore State that could offer me a training. I commenced by training myself in general commerce and by good fortune a vacancy was offered me as an apprentice in the Madras Publishing House Ltd.

1 + 4

During my five years of apprenticeship and training both in Madras and London I have obtained a record of successes.

Loyalty to the concern of my training brought me back to the Madras Publishing House Ltd. and there I thought I would have to work for the rest of my life. However, much to my surprise the new Secretary of the company informed me that

the Managing Director who had resigned his office for another had employed me as an officer in the Company without the knowledge of the Board of Directors and that I would have to apply afresh for a post. This I did, a copy of which I am enclosing with this letter. The contents of this application explains my right to claim a position in the Company but, in spite of that, the Directors replied that my services were not needed at present.

Though I am unemployed now I shall never regret the disappointment, if my services can be accepted by the Government of Mysore. On the contrary, I have faith in God that he has directed a means whereby my ideal to live and work in Mysore may be fulfilled.

During my studies and difficulties in England, I found a great friend in Messrs. John Dickinson & Co., Ltd. That reputable concern put themselves out to help me to make a success of myself. They introduced me to their large factories and taught me a great deal about paper-making and methods of office and business organisation. They most kindly supplied me with their good quality papers to print the specimen book I have shown you and to-day never tired of helping the young men who have been in their care; the Manager of the Madras Branch offers to make an attempt to find me a post in Calcutta, or Bombay if I fail in South India. John Dickinson & Co., Ltd. have been my guardians in England and they will be only too glad to give you information about me regarding my character and work.

Therefore Sir, with all I have written I hope I have conveyed my earnestness to serve this State. If a post cannot be found for me, then I must regretfully journey to

P.T.O

Calcutta or Bombay. But I have faith in the Council of good men who control Mysore and I am sure they will help those Mysoreans who help themselves in the right direction of Education and culture.

Yours sincerely,

R. S. Mounsey.

M A D R A S.

Sirs,

Four years ago I was apprenticed to the Madras Publishing House Ltd and also joined as a student of the Government School of Technology. I was able to gain a leading place in the first year examination, and Mr.Hawes, being encouraged by my keenness suggested to my parents that I should be sent to the London School of Printing and Kindred trades, London, for a sound training, and after qualifying I should return to the Madras Publishing House Ltd. as an executive.

For four years I studied diligently and obtained all necessary qualifications. They are as follows:-

THE LONDON SCHOOL OF PRINTING AND KINDRED TRADES.

Full leaving certificate qualifying me as a Master Printer

THE CITY AND GUILDS OF LONDON INSTITUTE.

Final certificate in Lithography.

Final certificate in Typography.

THE WORSHIPFUL STATIONERS HALL GUILD.

Craftsmen Certificates:-
Composing.
Platen Machine.
Cylinder Machine.
Lithography.
Binding.
Electrotyping and Stereotyping.

Technical Certificates:-
Costing.
Bookcrafts.
Printing Inks.
Warehouse Senior.
Paper Advanced.

The MONOTYPE SCHOOL.

Five weeks special training in Keyboard and Caster.

The INTERTYPE SCHOOL.

Four weeks special training.

P.T.O.

(21

THE GOVERNMENT SCHOOL OF TECHNOLOGY (Madras)

First year training and apprenticeship.

It will be clearly seen that my side of the arrangement has been properly executed. In addition, on my confident recommendation urged before my father, he bought preference shares in the Madras Publishing House Ltd. amounting to a substantial sum and that sum he invested not long after the Madras Publishing House Ltd., was registered as a private limited liability company.

The shares have now been transferred to the public limited company as preference shares in the new company.

Therefore, on the grounds of a sound training and first class qualifications and for the expense of my education of four years in England plus my shares and personal interests in the Company I apply that my position as Works Manager offered me by the Managing Director of the Madras Publishing House Ltd., be duly confirmed by the Board of Directors and an agreement signed.

Regarding retrenchment, is it advisable that a thoroughly practical and highly trained person should be considered an expense? Surely such a person is an asset because he can suggest ways and means of proper organisation, correct Costing and economy of materials and the workers may be rightly guided towards a better standard of work which will make our concern outstanding compared to our competitors. Is there another person in the Madras Publishing House Ltd., with my qualifications andtraining and with personal interests to protect?

Awaiting your due consideration and approval.

I am, gentlemen,

Yours faithfully,

If I may suggest, sir, that, to my mind, seems unnecessary because I am a Mysori educated from childhood in this State and many fellows who are domiciled, have come through five years attached ship, and training at the

best known school in the world, the London School of Printing and Kindred Trades. Added to this, I have succeed in every worthwhile examination that is considered desirable for an executive position.

The Madras Publishing House Ltd., have offered me good prospects but my determined wish is to live in this home provided me by my parents and to serve the State to which I belong.

Unfortunately, there seems little chance, for some time to come, of employment in the Government of Mysore Press.

My employer, Mr. Hawes of the Madras Publishing House, took me to the Superintendent of the Government Press on Friday 20th instant and during our interview the Superintendent pointed out the unlikelihood of my being employed for a year or two to come. He mentioned

Surely, with my training and qualifications I can be appointed Instructor and Technical Supervisor of the Government of Mysore Press whereby I my help the Firemen, Overseers and Workers to better succeed in their work and whereby I may offers suggestions of how materials and wear and tear of plant and machinery may be saved.

In addition, due to the progress of the State

Therefore, sir, for the matter of a small salary for myself, the State, I am confident, will be fully repaid and what earnings I obtain will be returned indirectly to the State again because I live on the land with my parents.

Please consider this letter, sir.

ORDER NO. G 107.10-11/FT 106-38-1 Dated, Bangalore, 21st April 1939.

With the taking over of the Mysore Railways and the increase of departmental and publicity activity, the work in both the Central Press at Bangalore and the Branch Press in Mysore, has increased considerably. Block making, colour printing and similar special works are all given to private presses at enormous cost and the formation of a section for this kind of work as also for lithographic printing in the Government Press is an urgent necessity. There are at present two probationers undergoing training in the Government Press for being absorbed in the senior staff as vacancies occur. In view of the additional work contemplated above, it is considered that it will be useful to have another probationer.

Government are pleased to appoint Mr. R.S. Mounsey, who has had training in England in all departments of printing and has had practical experience in a private concern in Madras, as a probationer on Rs. 100/- per month with a view to his absorption in a permanent place, should his work be found satisfactory.

The Superintendent, Government Printing, is requested to keep some lower appointments unfilled, if possible, to reduce the additio cost.

Sir,

X With reference to Government Order No.G.10710/P.& S.106-38-1, dated the 26th April 1939, appointing Mr. R.S. Mounsey, who has had training in all Departments of Printing work in England, as another Probationer on Rs.100/- per mensem, I have the honour to state that Mr. R.S. Mounsey reported himself for duty in this office on the forenoon of 1st May 1939.

He has been placed in charge of the Mono, Litho, Machine (Technical) and Casting Branches to start with, as this arrangement will relieve the General Foreman of some of his work and enable him to devote more time to the Printing and supplying of forms to the several Departments.

He will also work in close touch with the Sub-Assistant Superintendent (Working Branches) and get himself acquainted with the administrative rules and procedure of the Government Press.

I have the honour to be,

Sir,

Your most obedient servant,
